Players can buy a premade house or build their own from the ground up. The building interface works exactly like Build Mode in The Sims. You can place walls, doors, and windows wherever you see fit, and the game supports multiple stories as well. Building can be a bit clunky and confusing due to the limitations of the platform. But for hardcore builders, you can't go wrong with RoVille.

With Robux, you can do just about anything in Roblox games.

Still, if you like games like Animal Crossing for their room design elements, this is worth a peek.
